**MUST PAY RANSOM.**

The Only Hope of Rescuing Miss Stone from Brigands.

**\$50,000 YET NEEDED.**

Another Appeal Sent Out in Order to Raise That Amount—Miss Stone Is Believed to Be Alive and Well Cared For.

Washington, Oct. 15.—All that can be gained from state department officials respecting the case of Miss Stone, the missionary, who is held by brigands in Bulgaria, is that she is alive and that efforts are continuing for her release. The officials while declining to indicate the nature of the measures they are pursuing to this end, still have hope of ultimate success.

There is nothing that can be done except pay the ransom demanded by the brigands, thereby releasing Miss Stone.

The brigands demand \$10,000 and only \$30,000 of the amount has reached the American Board of Foreign Missions at New York. Another appeal has been sent out by the board for the remainder.

**THE BAND DISSOLVED.**

Miss Stone Held a Captive Some Distance from the Frontier.

Sofia, Oct. 15.—Although the time fixed by the brigands who abducted Miss Helen M. Stone, for the payment of the ransom demanded, expired a week ago, no one has appeared at Samokoff to claim the money or announce the fate of the captive. It is now learned this band has dissolved but that Miss Stone is kept under surveillance at some distance from the frontier. This is due to snow and cold weather, rendering the mountains uninhabitable.

When Miss Stone was captured they were compelled to wade a stream up to Parin mountain. Miss Stone and Mrs. Tailka were hurried up the mountain and the other prisoners were released the next morning. Just before the Stone party appeared the brigands captured a Turk and battered out his brains with the butt ends of their guns to prevent him telling they were lying in wait. The whole band was disguised as Turkish soldiers when they captured the Stone party.

Efforts of the police to arrest Saroff, formerly president of the Macedonian committee, who is suspected of complicity in the kidnapping is still unavailing. Failure is due to the sympathy of the inhabitants and local authorities.

Police here have arrested certain suspects, including Paul Genadieff, brother of the well known barrister and deputy.

Why Pursuit Was Withdrawn.

Constantinople, Oct. 15.—It now transpires that the Turkish commander had completed dispositions to surround Miss Helen M. Stone's captors last Saturday, but Spencer Eddy, secretary of the United States legation, demanded the immediate retirement of the Turkish troops. This was carried out and the Bulgarian forces also withdrew. Mr. Eddy's action has the unanimous approval of the entire diplomatic corps who are convinced that efforts to liberate Miss Stone by force will surely result in her murder.

Says Her Captors Are Turks.

London, Oct. 15.—The Daily Express has received a dispatch from Sofia saying Todaroff, the driver, who accompanied Miss Stone when she was kidnapped, has arrived there. Todaroff says her captors are Turks.

The Bulgarian police, who are not satisfied with his statements, are keeping him under surveillance.

Another Kidnapping.

London, Oct. 15.—A dispatch to the Daily Mail from Bucharest says Herr Rosenthal, the representative of a German firm, has been kidnapped by Bulgarian brigands at Sististrum. The Roumanian government has sent a protest to Sofia and the Bulgarian government has ordered troops to pursue the brigands.

It is rumored that the Macedonian committee has decided to capture every foreigner in reach in order to attract European attention to the bad state of public security in Macedonia.

Chili's New Minister Arrives.

New York, Oct. 15.—Senor Don Joaquin Walker Martinez, envoy extraordinary and minister plenipotentiary of the republic of Chili to the United States, who was recently appointed to succeed the late Senor Vicana, has reached here on the steamer Orizaba. He is also Chili's representative at the Pan-American congress to be held at the City of Mexico.

Refuses to Surrender Office.

South McAlester, I. T., Oct. 15.—Gov. Dukes of the Choctaw Nation recently removed Sheriff Ben Grubbs of Tobucks county and appointed Sol Mackay to fill the vacancy. Ex-Sheriff Grubbs refuses to surrender his office or turn over

his papers to his successor. The contention of Grubbs is that he has not been given an opportunity to meet the charges filed against him.

Safe Blown Open.

Bluffton, O., Oct. 15.—Burglars blew open the safe in the office of the Bluffton Milling company here with dynamite Sunday night. The building soon caught fire and the entire plant was destroyed. It is said the safe was empty. Burglars made their escape.

**BOTHA NOT CAPTURED.**

Rumor in London Put Aside by a Dispatch from Kitchener.

London, Oct. 15.—A rumor was circulated on the exchange early this morning that Botha, the Boer commandant-in-chief, has been captured. However, dispatch from Kitchener dated Pretoria, Monday evening, contains nothing more important than a weekly summary of captures and a reiteration of the statement that Kitchener's columns were moving against a considerable force of Boers near the Boer frontier with which Botha is supposed to be and the announcement that Commandant Scheepers' command in Cape Colony had been broken up.

Influx to Johannesburg.

Cape Town, Oct. 15.—There has been a renewed influx lately of poor people who hope to reach Johannesburg. Those stranded in Cape Town include many Russian Jews. Efforts are being made to stop the immigration, as the immigrants must be supported by public charity.

**RAIDED TABOGO ISLAND.**

Revolutionists Secure Two Schooners, Ammunition, Arms and Stores.

Panama, Oct. 15.—Landing unexpectedly early Sunday morning at Tobago Island, a watering place 12 miles off Panama, a party of revolutionists surprised the garrison, captured the arms and ammunition, kidnapped the alcalde and two other officials and carried away two small schooners, one of them loaded with provisions belonging to the alcalde. They also obtained a large quantity of provisions from the Chinese stores and raised about \$300 in silver.

Many families from Panama sojourning on the island were much alarmed and all returned to this city in the evening fearful of another descent upon the island.

The revolutionists left the island for Chorrera, five miles away, where are situated the revolutionary headquarters under command of Colonel Henao.

The government troops on Tabago island comprise only 12 men, and these are in a sickly condition.

**THE NEW AMEER.**

He Declared Afghanistan Would Rely on Great Britain.

New York, Oct. 15.—A Simla correspondent of The Times says representative from the British political office at Kyhber pass shows everything perfectly quiet on the frontier and traders are passing through. The scene at the funeral of the late ameer at Kabul is described as a dramatic one. The kadi addressed the people at Durbar, and declared Abdur Rahman could not be buried until a new ameer had assumed power. Then he wound the turban around Habib Ullah's head and saluted him as the ameer. Habib Ullah addressed the multitude proclaiming his intention of maintaining his father's kingdom unlesioned and unincreased, and of continuing in the alliance and friendly relations with the British government.

Will Lose a Finger.

Paris, Oct. 15.—It has been found necessary to amputate one of the fingers of Dr. Calmette, director of the Pasteur institute, on account of a bite from a cobra from which he was extracting the venom. It is presumed that the serum invented by Dr. Calmette after his studies in Cochin China saved his life, but after three weeks, amputation now seems necessary.

Will Sanction Panama Transfer.

Paris, Oct. 15.—The directors of the new Panama company in a circular to the shareholders says that Colombia has expressed its readiness to sanction the transfer of the canal to the United States. An estimate of the value of the undertaking is therefore being prepared at the request of the isthmian canal commission. It will be ready by the time Congress meets.

Department Discontinued.

Washington, Oct. 15.—A dispatch received at the war department from Gen. Randall, dated Dutch Harbor, Alaska, Oct. 5, which says the department of Alaska was discontinued on Sept. 30, and that he left for Valdez and Shagway. The department of Alaska has been merged into the department of

Experiments made at Bridgeport, Conn., with girl telegraph messengers proved a failure because the girls talked too much.

The famous Schley loop was ordered by Capt. Cook of the flagship Brooklyn and that gallant officer evinces proper pride in the successful maneuver.

There wasn't much left of the charges against Schley when Capt. Cook of the Brooklyn got through with his testimony. A few more witnesses like Cook will make the Sampson clique wish they hadn't.

President Roosevelt's bold policy of regarding his office a public trust instead of an agency for the distribution of spoils to party henchmen is shown by his appointments, and must meet with the approval of all thinking men who believe in efficient public service.

The Hearne Democrat says: "The fair in Bryan on November 5, 6 and 7 will be a big advertisement for that thriving city." The fair management and the people of Bryan generally are indebted to the papers of our surrounding towns and also to the state papers for many nice notices of the Central Texas Fair, all of which are much appreciated. The fair is intended to benefit this section of the state and all who will come or make exhibits are entitled to a share in the good results. Central Texas needs just such an enterprise as is contemplated to advertise her resources and enable her people to meet and compare notes and exchange ideas. All are welcome and everybody will be treated right.

### LIFE.

A song, a kiss, a moment's bliss,  
Sweet promises that fly away,  
And love that lives but for a day.  
  
A barque storm-tossed, a hand-clasp lost,  
Long winter rains, brief April showers  
And thorn-prickt hands that reach for flowers.  
  
A sigh, a tear, a doubt, a fear;  
The oft moaned questions Whence? and Where?  
And but a cloud rift here and there.  
  
A soul dismayed. Hope's last prayer prayed,  
And where few care to pass—  
A dreamless sleep beneath the grass.  
  
But God is God, and His Son trod  
This way. He knows this pilgrimage  
And reads before 'tis print, each blotted page.  
So when these petty surges cease  
He gives eternal joys and perfect peace.

—Louella Styles Vincent.

An Indianapolis dentist has given up the use of forceps for pulling teeth and has adopted the primitive method of the Chinese, using nothing but his thumb and index finger. He considers that the sight of the forceps themselves is responsible for much of the harrowing part of tooth-pulling and that many nervous persons are greatly shocked by the sight of these instruments. The pain is also said to be less. He can take out the most firmly rooted double tooth in a few seconds. He learned this art from a Chinese practitioner.—Scientific American.

### RAN INTO COAL CARS.

#### One Person Killed and Several Injured, Some Being Badly Hurt.

Meridian, Miss., Oct. 15.—As the result of the wrecking of passenger train No. 2 on the Alabama and Vicksburg road just as it was entering the lower end of the northeastern yards here one man was killed and several persons injured, some seriously. The accident was caused by six coal cars being left standing on the main line.

Steve Lowe, the fireman, was caught between the boiler head of the engine and tender and scalded to death.

W. E. Bookor, a traveling man of Des Moines, Ia., had his left shoulder dislocated and is otherwise badly bruised.

Henry Horton, the engineer, sustained painful, but not necessarily fatal injuries. He was badly bruised about the face, his shoulder dislocated and his right arm sprained.

Hugh Wilkins, baggagemaster, sustained numerous bruises.

Dunham Smith, postal clerk, had his back sprained.

Miss Light Haines of Vicksburg, was cut in the back of the head and badly bruised.

Clint Vaughan, the negro porter, had a mashed arm and badly bruised.

The house of deputies also adopted the resolutions presented by Dr. McKim of Washington, providing for a standing joint commission of both houses to consider the relations of labor and capital. In other words to assist in the settlement of strikes.

The house of deputies also held an executive session to consider the five nominations for missionary bishops handed down in the house of bishops. The election resulted in the choice of the following:

Rev. James A. Ingle, district of Hankow.

Rev. Charles H. Brent, district of the Philippines.

Rev. Frederick W. Keator, district of Olympia.

Rev. William Cabell Brown, district of Porto Rico.

The only nomination rejected was that of Rev. Charles Pierce, to be missionary bishop of North Dakota.

Fatally Stabbed Her Husband.

Steubenville, O., Oct. 15.—Mrs. John Fitzpatrick, of this city, fatally stabbed her husband at the home of William Roe, at Mingo Junction. Fitzpatrick, who was intoxicated, was abusing his wife, had thrown her to the floor and was beating her when Mr. Roe and wife pulled him off. Fitzpatrick then rushed at his wife a second time with threats to kill her. He had again thrown her to the floor, when she grasped a paring knife from the table and cut him in the side, inflicting a fatal wound.

To Settle Silver Question.

Washington, Oct. 15.—Representative Overstreet of Indiana, who is interested in the enactment of a law which will make silver exchangeable with gold, believing, he says, that such a law would end the "battle of the standards," has had a talk with President Roosevelt upon that subject. Mr. Overstreet presented such a bill in the last congress, but it was not acted upon. He will reintroduce it at the coming session and hopes for favorable action.

More Troops Held in Readiness.

London, Oct. 15.—Orders have been received at Aldershot to hold every man in readiness to proceed in active service.

The garrisons totals 29,000 men.

The above is interpreted as meaning that the government is desirous of reassuring the public and not as foreshadowing the immediate demand for the services of the first army corps in South Africa.

Situation Becoming Worse.

New York, Oct. 15.—The Vienna correspondent of The Times says the situation in Albania is evidently going from bad to worse. The shadow of authority still retained by the sultan continues to be defied. The Turkish troops have not been paid for many months and periodically plunder the villages, seizing all the food and money they can lay their hands on.

Two Men Run Over.

Denison, Tex., Oct. 15.—J. W. Taylor of Joplin, Mo., and George Griffith of Wagoner, were run over and killed by a Missouri Pacific car at Wagoner. The Missouri Pacific local was being made up and switching in the yards when one of the cars caught the men, running over them and crushing both of them so severely that they died in a short time after the accident.

Fire at Beaumont.

Beaumont, Tex., Oct. 15.—The 2-story brick in the center of the city known as McFaddin Flats, occupied by T.S. Reed, wholesale grocer, on the ground floor and the McFaddin flats, a rooming house, full of people on the second floor burned late last night. The fire started in the grocery store. Loss will exceed \$100,000.

Territory Cotton Crop.

Ardmore, I. T., Oct. 15.—The cotton crop situation seems to be mixed as the yield is much smaller than expected. Bottom lands are doing fairly well, but upland crop is short of last year. The weather has been favorable to gathering the crop up to Oct. 8, but since rain has fallen and weather has been unfavorable to marketing cotton.

Waxahachie, Tex., Oct. 15.—S. P. Skinner of this city will be in the race for congress from this district in the next campaign.

### MARRIAGE AND DIVORCE.

#### House of Deputies as a Whole Adopted Resolutions as Presented.

San Francisco, Oct. 15.—The house of deputies of the Episcopal church of America, sitting as a committee of the whole, adopted the proposed canon prohibiting the remarriage of divorced persons for causes not arising previous to their former marriage. The canon was adopted just as it came from the house of bishops. The vote stood 183 for to 158 against.

The amendment of Dr. Huntington of New York making an exception in the case of an innocent party of a divorce granted on the ground of adultery, was rejected by a vote of 158 to 173.

The result of the vote in the committee of the whole was reported to the house of deputies who will vote on the matter. The result, however, may not be the same, for in the house the vote of 30 delegations is required to carry a measure.

The house of deputies also adopted the resolutions presented by Dr. McKim of Washington, providing for a standing joint commission of both houses to consider the relations of labor and capital.

In other words to assist in the settlement of strikes.

The house of deputies also held an executive session to consider the five nominations for missionary bishops handed down in the house of bishops. The election resulted in the choice of the following:

## MUST PAY RANSOM.

The Only Hope of Rescuing Miss Stone from Brigands.

## \$50,000 YET NEEDED.

Another Appeal Sent Out in Order to Raise That Amount—Miss Stone Is Believed to Be Alive and Well Cared For.

Washington, Oct. 15.—All that can be gained from state department officials respecting the case of Miss Stone, the missionary, who is held by brigands in Bulgaria, is that she is alive and that efforts are continuing for her release. The officials while declining to indicate the nature of the measures they are pursuing to this end, still have hope of ultimate success.

There is nothing that can be done except pay the ransom demanded by the brigands, thereby releasing Miss Stone.

The brigands demand \$110,000 and only \$60,000 of the amount has reached the American Board of Foreign Missions at New York. Another appeal has been sent out by the board for the remainder.

## THE BAND DISSOLVED.

Miss Stone Held a Captive Some Distance from the Frontier.

Sofia, Oct. 15.—Although the time fixed by the brigands who abducted Miss Helen M. Stone, for the payment of the ransom demanded, expired a week ago, no one has appeared at Samakov to claim the money or announce the fate of the captive. It is now learned this band has dissolved but that Miss Stone is kept under surveillance at some distance from the frontier. This is due to snow and cold weather, rendering the mountains uninhabitable.

When Miss Stone was captured they were compelled to wade stream up to Parin mountain. Miss Stone and Mrs. Talka were hurried up the mountain and the other prisoners were released the next morning. Just before the Stone party appeared the brigands captured a Turk and battered out his brains with the butt ends of their guns to prevent him telling they were lying in wait. The whole band was disguised as Turkish soldiers when they captured the Stone party.

Efforts of the police to arrest Sarafoff, formerly president of the Macedonian committee, who is suspected of complicity in the kidnapping, are still unavailing. Failure is due to the sympathy of the inhabitants and local authorities.

Police here have arrested certain suspects, including Paul Genadieff, brother of the well known barrister and deputy.

Why Pursuit Was Withdrawn. Constantinople, Oct. 15.—It now transpires that the Turkish commander had completed dispositions to surround Miss Helen M. Stone's captors last Saturday, but Spencer Eddy, secretary of the United States legation, demanded the immediate retirement of the Turkish troops. This was carried out and the Bulgarian forces also withdrew. Mr. Eddy's action has the unanimous approval of the entire diplomatic corps who are convinced that efforts to liberate Miss Stone by force will surely result in her murder.

Says Her Captors Are Turks. London, Oct. 15.—The Daily Express has received a dispatch from Sofia saying Todaroff, the driver, who accompanied Miss Stone when she was kidnapped, has arrived there. Todaroff says her captors are Turks.

The Bulgarian police, who are not satisfied with his statements, are keeping him under surveillance.

Another Kidnapping. London, Oct. 15.—A dispatch to the Daily Mail from Bucharest says Herr Rosenthal, the representative of a German firm, has been kidnapped by Bulgarian brigands at Sististrum. The Romanian government has sent a protest to Sofia and the Bulgarian government has ordered troops to pursue the brigands.

It is rumored that the Macedonian committee has decided to capture every foreigner in reach in order to attract European attention to the bad state of public security in Macedonia.

Chili's New Minister Arrives. New York, Oct. 15.—Senor Don Joaquin Walker Martinez, envoy extraordinary and minister plenipotentiary of the republic of Chili to the United States, who was recently appointed to succeed the late Senor Viciana, has reached here on the steamer Oriraba. He is also Chili's representative at the Pan-American congress to be held at the City of Mexico.

Refusal to Surrender Office. South McAlester, I. T., Oct. 15.—Gov. Dukes of the Choctaw Nation recently removed Sheriff Ben Grubbs of McCurtain county and appointed Sol Mackay to fill the vacancy. Ex-Sheriff Grubbs refuses to surrender his office or turn over

his papers to his successor. The contention of Grubbs is that he has not been given an opportunity to meet the charges filed against him.

## Safe Blown Open.

Bluffton, O., Oct. 15.—Burglars blew open the safe in the office of the Bluffton Milling company here with dynamite Sunday night. The building soon caught fire and the entire plant was destroyed. It is said the safe was empty. Burglars made their escape.

## BOTHA NOT CAPTURED.

Rumor in London Put Aside by a Dispatch from Kitchener.

London, Oct. 15.—A rumor was circulated on the exchange early this morning that Botha, the Boer commandant-in-chief, has been captured. However, a dispatch from Kitchener dated Pretoria, Monday evening, contains nothing more important than a weekly summary of captures and a reiteration of the statement that Kitchener's columns were moving against a considerable force of Boers near the Boer frontier with which Botha is supposed to be and the announcement that Commandant Scheepers' command in Cape Colony had been broken up.

## Influx to Johannesburg.

Cape Town, Oct. 15.—There has been a renewed influx lately of poor people who hope to reach Johannesburg. Those stranded in Cape Town include many Russian Jews. Efforts are being made to stop the immigration, as the immigrants must be supported by public charity.

## RAIDED TABOGO ISLAND.

Revolutionists Secure Two Schooners, Ammunition, Arms and Stores.

Panama, Oct. 15.—Landing unexpectedly early Sunday morning at Tobago Island, a watering place 12 miles off Panama, a party of revolutionists surprised the garrison, captured the arms and ammunition, kidnapped the alcalde and two other officials and carried away two small schooners, one of them loaded with provisions belonging to the alcalde. They also obtained a large quantity of provisions from the Chinese stores and raised about \$300 in silver.

Many families from Panama sojourning on the island were much alarmed and all returned to this city in the evening fearful of another descent upon the island.

The revolutionists left the island for Chorrera, five miles away, where are situated the revolutionary headquarters under command of Colonel Henao.

The government troops on Tabago island comprise only 12 men, and these are in a sickly condition.

## THE NEW AMEER.

He Declared Afghanistan Would Rely on Great Britain.

New York, Oct. 15.—A Simla correspondent of The Times says representative from the British political office at Kyhber pass shows everything perfectly quiet on the frontier and traders are passing through. The scene at the funeral of the late ameer at Kabul is described as a dramatic one. The kadi addressed the people at Durbar, and declared Abdur Rahman could not be buried until a new ameer had assumed power. Then he wound the turban around Habib Ullah's head and saluted him as the ameer. Habib Ullah addressed the multitude proclaiming his intention of maintaining his father's kingdom unlesioned and unincreased, and of continuing in the alliance and friendly relations with the British government.

## Will Lose a Finger.

Puris, Oct. 15.—It has been found necessary to amputate one of the fingers of Dr. Calmette, director of the Pasteur institute, on account of a bite from a cobra from which he was extracting the venom. It is presumed that the serum invented by Dr. Calmette after his studies in Cochin China saved his life, but after three weeks, amputation now seems necessary.

## Will Sanction Panama Transfer.

Paris, Oct. 15.—The directors of the new Panama company in a circular to the shareholders says that Colombia has expressed its readiness to sanction the transfer of the canal to the United States. An estimate of the value of the undertaking is therefore being prepared at the request of the isthmian canal commission. It will be ready by the time Congress meets.

## Telegraph Operator Killed.

Hamilton, Mo., Oct. 15.—Charles Mitchell, a telegraph operator, was instantly killed by an eastbound passenger train here. He had just delivered a message to the engineer on a freight train and was going back to the depot when the engine of a passenger train struck him, cutting off one arm and one leg and crushing his skull.

## Department Discontinued.

Washington, Oct. 15.—A dispatch received at the war department from Gen. Randall, dated Dutch Harbor, Alaska, Oct. 5, which says the department of Alaska was discontinued on Sept. 30, and that he left for Valdez and Shagway. The department of Alaska has been merged into the department of

Experiments made at Bridgeport, Conn., with girl telegraph messengers proved a failure because the girls talked too much.

The famous Schley loop was ordered by Capt. Cook of the flagship Brooklyn and that gallant officer evinces proper pride in the successful maneuver.

There wasn't much left of the charges against Schley when Capt. Cook of the Brooklyn got through with his testimony. A few more witnesses like Cook will make the Sampson clique wish they hadn't.

President Roosevelt's bold policy of regarding his office a public trust instead of an agency for the distribution of spoils to party henchmen is shown by his appointments, and must meet with the approval of all thinking men who believe in efficient public service.

The Hearne Democrat says: "The fair in Bryan on November 5, 6 and 7 will be a big advertisement for that thriving city." The fair management and the people of Bryan generally are indebted to the papers of our surrounding towns and also to the state papers for many nice notices of the Central Texas Fair, all of which are much appreciated. The fair is intended to benefit this section of the state and all who will come or make exhibits are entitled to a share in the good results. Central Texas needs just such an enterprise as is contemplated to advertise her resources and enable her people to meet and compare notes and exchange ideas. All are welcome and everybody will be treated right.

CASE AGAINST PATRICK.

Motion to Dismiss the Indictment Denied by the Judge.

New York, Oct. 15.—Judge Foster in the court of general sessions here denied the application of counsel for Albert T. Patrick, indicted for the murder of William M. Rice, that the case be dismissed and defendant discharged. The application was made on the ground that the district attorney showed no inclination to bring the defendant to trial and that there was not sufficient evidence to try any way. The district attorney said his office had been compelled to send to Louisiana and Texas and to foreign countries in search of evidence. He said he would be ready to move the trial of Patrick during the first week in December.

## CUBAN FRAUDS.

Sentence Recommended for Those so Charged at 24 to 26 Years.

Each of the accused men is charged with from 15 to 18 offenses.

## Fire at New Orleans.

New Orleans, Oct. 15.—A fire occurred Monday night on Camp street in which the large furniture store of the Union company was destroyed and the Teutonic Insurance building burned. Corbora & Klein, agents of the furniture company, had not yet completed moving their stock from a former location, but most of their \$40,000 stock was burned. The buildings were valued at about \$60,000 and the furniture store belonged to the Tulane University. The buildings are in the heart of the bank district and close to the newspapers and hotels, but the fire was hard fought and well confined.

## West Indies Sugar Industry.

London, Oct. 15.—Gloomy reports of the condition of the British West Indies are printed and the moral is that drawn resembling a Brussels congress is indispensable to the revival of the property of the sugar industry. ## MARRIAGE AND DIVORCE.

House of Deputies as a Whole Adopted Resolutions as Presented.

San Francisco, Oct. 15.—The house of deputies of the Episcopal church of America, sitting as a committee of the whole, adopted the proposed canon prohibiting the remarriage of divorced persons for causes not arising previous to their former marriage. The canon was adopted just as it came from the house of bishops. The vote stood 182 for to 158 against.

The amendment of Dr. Huntington of New York making an exception in the case of an innocent party of a divorce granted on the ground of adultery, was rejected by a vote of 158 to 173.

The result of the vote in the committee of the whole was reported to the house of deputies who will vote on the matter. The result, however, may not be the same, for in the house the vote of 30 delegations is required to carry a measure.

The house of deputies also adopted the resolutions presented by Dr. McKim of Washington, providing for a standing joint commission of both houses to consider the relations of labor and capital. In other words to assist in the settlement of strikes.

The house of deputies also held an executive session to consider the five nominations for missionary bishops handed down in the house of bishops. The election resulted in the choice of the following:

Rev. James A. Ingle, district of Hankow.

Rev. Charles H. Brent, district of the Philippines.

Rev. Frederick W. Keator, district of Olympia.

Rev. William Cabell Brown, district of Porto Rico.

The only nomination rejected was that of Rev. Charles Pierce, to be missionary bishop of North Dakota.

Fatally Stabbed Her Husband.

Steubenville, O., Oct. 15.—Mrs. John Fitzpatrick, of this city, fatally stabbed her husband at the home of William Roe, at Mingo Junction. Fitzpatrick, who was intoxicated, was abusing his wife, had thrown her to the floor and was beating her, when Mr. Roe and wife pulled him off. Fitzpatrick then rushed at his wife a second time with threats to kill her. He had again thrown her to the floor, when she grasped a paring knife from the table and cut him in the side, inflicting a fatal wound.

## To Settle Silver Question.

Washington, Oct. 15.—Representative Overstreet of Indiana, who is interested in the enactment of a law which will make silver exchangeable with gold, believing, he says, that such a law would end the "battle of the standards," has had a talk with President Roosevelt upon that subject. Mr. Overstreet presented such a bill in the last congress, but it was not acted upon. He will reintroduce it at the coming session and hopes for favorable action.

## More Troops Held in Readiness.

London, Oct. 15.—Orders have been received at Aldershot to hold every man in readiness to proceed in active service. The garrisons totals 29,000 men.

The above is interpreted as meaning that the government is desirous of reassuring the public not as foreshadowing the immediate demand for the services of the first army corps in South Africa.

## Situation Becoming Worse.

New York, Oct. 15.—The Vienna correspondent of The Times says the situation in Albania is evidently going from bad to worse. The shadow of authority still retained by the sultan continues to be defied. The Turkish troops have not been paid for many months and periodically plunder the villages, seizing all the food and money they can lay their hands on.

## Two Men Run Over.

Denison, Tex., Oct. 15.—J. W. Taylor of Joplin, Mo., and George Griffith of Wagoner, were run over and killed by a Missouri Pacific car at Wagoner. ### ABOUT THE CENTRAL TEXAS FAIR.

The Central Texas fair grounds have been the center of interest for weeks, and have many visitors on Sundays and afternoons. The grand stand is a splendid structure, so well built that no one after seeing it will have the slightest doubt of its safety. It is large and high, and the back portion, where there is a wide walk, affords a fine view. A splendid view of the driving track is had from any part of the grand stand, and the arena in front of it will be an ideal place for football and baseball games, though we do not know that such a use of it is contemplated.

The exhibit hall was locked up when this reporter was at the grounds, and not much idea of it could be formed except from outside appearance, which is very creditable. There is quite a long row of stables, and more building. The grounds are very large and enclosed with a high, strong fence, which is built for a permanent structure, and not for a temporary makeshift. Upon the whole, the improvements are of a solid and substantial character which are a credit to the management, and promise a lasting and valuable acquisition to the enterprises of Bryan. If you haven't been out to see them you should go at once, and it will stir up your pride in the enterprise, if you are lacking in that, and cause you to get a move on yourself and help make the fair a grand success for the good of Bryan. Talk it up among your friends and get them to come to the fair, make exhibits, etc., and you will be doing your duty and helping the town.

## SCHLEY'S INNING NOW

His Side Being Given Before the Court of Inquiry.

## SEARS TAKES STAND.

He Tells of the Blockade, Firing on the Colon and the Battle of Santiago—Admiral Schley Will Be Last on the Stand.

Washington, Oct. 15.—The presentation of the Schley side of the case was continued in the Schley court of inquiry today. When Monday's witnesses had been recalled and had made the verbal corrections necessary in their testimony, they were promptly dismissed.

At the instance of Mr. Rayner Judge Advocate Lemly summoned Lieutenant Commander James H. Sears, who as lieutenant was Admiral Schley's flag officer on board the Brooklyn during the war with Spain. He testified to many details connected with the campaign and was promptly succeeded by a number of other naval officers who served on the Brooklyn.

The list for the day included Lieut. Commander V. E. Mason, executive officer of the powder division of Admiral Schley's flagship, and Lieut. Edward Simpson, who was in charge of the 8-inch turret of the Brooklyn and who opened fire on the Spanish ships when they came out of the harbor at Santiago, Charles Webster and Edward McCauley, the former being a watch officer and the latter signal officer on the Brooklyn.

Admiral Schley thinks it quite probable the presentation of testimony in his behalf can be completed this week and next. He will be the last of the witnesses to be heard and when he goes on will make a review of the entire campaign covering the points in controversy.

Lieutenant Commander Sears said in reference to the blockade at Santiago that it had been maintained at varying distances from three to six miles to suit the commander-in-chief. In thick weather and at night the distance was less than in fair weather and day time.

The witness also described the reconnaissance on May 31 when the Colon was fired upon. In giving his conclusions in reference to that event he said that it developed the strength of the land batteries and they had proved to be stronger than he had supposed they were.

Schley had, he said, told him his purpose was to ascertain what the batteries were. He said he had been with Lieutenant Potts on the Massachusetts on that day and had not heard any conversation between that officer and Commodore Schley. The witness then described the engagement of July 3.

Captain Cook's testimony yesterday was a review of the entire campaign after Cervera's fleet, beginning with the departure of the flying squadron from Key West on May 19 and concluding with the battle off Santiago July 3. He explained the loop, saying it was absolutely necessary to get a better position to attack the Spanish vessels and that he gave the order to make the loop. When asked about how near the vessel passed to the Texas he said:

"I never thought of a collision. It never entered my head. I never for a moment had one idea in that respect. We passed judge, about 400 yards. But a collision I never thought of. She turned perfectly clear of the Texas, came around and then we had the Visaya on our starboard bow and about abeam was the Oquendo and then the Colon. That was about the hottest time in the action. It was a critical time. There was not any time for indiscretion and I do not think there was any. I have always felt in my mind, in studying the positions, that the chances would have been for a disaster had we shifted helm at such a time. However, we got around and we had those three vessels."

Captain Cook was followed by Lieutenant Commander Fulham and he followed by Captain Beal, who was the last government witness, but Captain Lemly said he reserved the right to call other witnesses if he deemed it necessary.

The first witness for Admiral Schley was Edward Nunez, the Cuban pilot. His testimony was unimportant.

### NOTES FROM AUSTIN.

AUSTIN, Oct. 15.—The railroad commissioners are in session and the regular docket was taken up. The first matter was a proposition cancelling the authority to apply the lumber rates on the Jefferson and Northwestern. Numerous arguments were made on both sides and the commission took the matter under advisement.

The board on the Abilene epileptic asylum have signed the contract for building the asylum to cost \$181,000. The work to commence immediately.

### Boy Shoved Under a Train.

Memphis, Oct. 15.—Joe Kensella, a 13-year-old boy, while riding on a bicycle, collided with a freight train and his skull was fractured in two places. When opposite the train an unknown negro boy shoved him so that the bicycle was upset, throwing him against the car. He will probably die.

### New Trial For Molineux.

Albany, Oct. 15.—The court of appeals has granted Roland B. Molineux a new trial.

## OHIO BANK ROBBED.

Robbers Secure a Good Sum and Almost Ruin the Bank Building.

Galion, O., Oct. 15.—The vault of the Farmers and Citizen's bank at Tyre, a small town near here was wrecked early this morning by six robbers who secured the contents and escaped. It is said the vault contained \$40,000.

The cracksmen used nitroglycerin. The doors of the vault were blown completely off and the building partially demolished. The terrific explosion awoke the people of the town, but all who approached the bank were driven away by the robbers who were armed with rifles. The robbers made their escape.

### IOWA BANK ROBBED.

Mason City, Oct. 15.—The safe of the bank at Budd was blown open by dynamite Monday night and the robbers secured \$1500 in cash. They escaped by a hand car and took to the woods.

### ROBBERS RUN OFF.

Mount Vernon, O., Oct. 15.—The bank at Danville, O., was dynamited early this morning by robbers. The citizens rallied and the robbers retreated without having secured any booty of consequence.

### ROBBER REPORTED CAPTURED.

Ranoul, Ills., Oct. 15.—It is reported here that one of the four Potomac bank robbers has been captured near Roosville after a desperate struggle, it requiring six men to overpower him. The other three bandits are still at large, but are being pursued.

### BRINGING BACK GRAIN.

Shipments to Europe Not Unloaded but Brought Back to Boston.

Boston, Oct. 15.—Grain shipper at this port are allowing their grain to remain on the steamers and to be brought back to this country and shipped again to its destination, in the expectation of some improvement in the grain situation in the meantime.

The steamer Columbian, which leaves London on Wednesday for this port, will bring back a good portion of her outward cargo of 45,000 bushels of wheat which she carried out.

The steamer Appotomattox operating between Newport News and London is coming westward with 40,000 out of 50,000 bushels of grain shipped.

This curious state of affairs is due in part to extremely low trans-Atlantic freight rates prevailing and partly to the scarcity of warehouses on the other side and their resultant high storage rates.

### AN EXCITING RACE.

TWO VESSELS RUN EIGHT HUNDRED MILES  
LANDING HALF A MINUTE APART.

New York, Oct. 15.—After a voyage and race of 10 days down the coast from New Brunswick, two 3-masted schooners, the Nimrod and the Sarah C. Smith, reached this port half a minute apart. The Nimrod came in first. Not until the official starting time is received from Hillsboro, N. B., therefore, can the faster craft be determined. The winner will be favored by a cement company in the transportation of material for Canada.

While the race lasted the vessels were constantly in sight and within hailing distance of each other and every yard of canvas was strained and every conceivable device of nautical skill employed by the skippers to gain even the slightest advantage over the other. The distance is 800 miles.

### THE POWERS TRIAL.

ALL PERSONS SEARCHED FOR WEAPONS AS THEY ENTER COURTHOUSE.

Georgetown, Ky., Oct. 15.—Under the operation of Judge Cantrell's order that all persons be searched for concealed weapons before being permitted to enter the trial room the judge himself and all the lawyers on both sides submitted to search early this morning at the hands of deputy sheriffs.

The trial of Caleb Powers is now under way in earnest. D. M. Woodson of Frankfort was the commonwealth's first witness. His cross-examination then proceeded.

### THREE RULERS TO MEET.

WITH ATTEMPT TO SETTLE GROWING HOSTILITIES BETWEEN ITALY AND AUSTRIA.

New York, Oct. 15.—The Rome correspondent of The Times says that King Victor Emanuel will not meet the czar at St. Petersburg, but at some other city, where Emperor Francis Joseph will also be present.

It is believed that the chief object of the meeting is to examine the situation in the Balkans with a view to the antagonism growing between Italy and Austria and the anxiety of Russia to avoid complications. The date of the meeting has not yet been determined.

### FAILED TO CROSS MEDITERRANEAN.

Paris, Oct. 15.—The attempt of Count de la Vaux to cross the Mediterranean in a balloon which left Les Sablottes, near Toulos, Saturday night, has failed. The cruiser which was escorting the balloon is returning to port with the balloon and her passengers, which she picked up 10 miles east of St. Laurent lighthouse. The balloon is uninjured. The failure of the voyage is attributed to contrary winds.

### Fire at Merkell.
